FOR YOUR AND OUR SAFETY.

REGULATIONS FOR VISITORS AND EXTERNAL COMPANIES.

We are happy to have you here. For your and our safety, we would like to familiarise you with our regulations.

If, for safety reasons, a BMW Group Plant Debrecen employee speaks to you or gives you instructions, please comply with them.

As part of their duties, plant security employees are entitled to carry out vehicle, bag checks and to check BMW Group IDs.

By taking over your BMW Group ID, you accept these regulations.

Thank you for your understanding! We wish you a pleasant and safe stay!

NO ACCESS WITHOUT A COMPANY ID.

- Employee or partner cards are issued at the Reception of the Communication Center. Visitor cards are handed out at the same place.
- The passes must be worn in a clearly visible place and must be given back when leaving the plant.
- It is forbidden to transfer the identity card to other people.
- If you lose your identity card, report immediately at the Reception.

BASIC SAFETY RULES.

- Only enter areas you are authorised to access.
 if necessary, be accompanied by a BMW Group Plant Debrecen representative.
- Follow the KRESZ and the parking rules of BMW Group Plant Debrecen
- Pay particular attention to forklift traffic.
- Only use the marked pedestrian routes.
- Keep traffic and escape routes/emergency exits clear.
- Use the protective equipment(e.g. safety shoes) that is marked for the area.
- Clean up after work and dispose of waste properly.
- Tools, machinery and equipment must be checked to ensure they comply with relevant regulations.
- In the spirit of sustainability, please use energy sources responsibly.
- Stay at the plant for the purpose and duration specified in the permit.

EXTERNAL COMPANIES AND COORDINATION.

- Before starting the activity, the BMW Group Plant Debrecen coordinator and the contractor's supervisor must jointly assess the potential mutual hazards and document them in the contractor's declaration.
- The contractor is responsible for the safety of his/her employees.
- Check with the relevant contact person when you arrive at the plant.

PROHIBITIONS.

- Smoking within the Plant premises except in designed areas
- Entry under the influence of alcohol or drugs.
- Bringing in or consuming alcohol in any form in the plant premises.
- Taking photographs, filming and audio recording (without permission).
- Transport of animals.
- The presence of children under the age of 14 in the plant premises (exceptions: factory visits and special events).
- Improper storage of hazardous materials.
- Discharging water polluting liquids into the sewage system.
- Discharging any liquids into groundwater or storm drains.
- Use of diesel or gas vehicles in buildings.

REPORT OR APPROVAL REQUIREMENT.

At the plant's fire department:

- Activities involving open flames and fire hazards, such as welding, grinding.

High risk activities.

Contact the responsible person:

- Setting up containers, tents, heaters, etc.- Import of hazardous materials.
- Work at height, work in explosive atmospheres or work requiring a permit to enter.
- Electrical work under voltage.

CONSTRUCTION SITE.

- To enter the construction site, you must complete the BMW online training.
- Drive carefully and only on designated roads.
- Comply with the relevant sections of the Safety and Health Plan.

ACCIDENTS AND MEDICAL EMERGENCIES. EMERGENCY:

In case of personal injury or unconsciousness, notify first aid providers, do not leave them unattended, if necessary, call the emergency number: +36-30-015-0112.

FIRE SAFETY.

Proper storage and use of flammable materials and gases:

- Flammable materials should never be near sources of fire or heat.
- Do not store flammable liquids in fragile containers.
- Permitted storage quantities must not be exceeded.
- Flammable wastes (e.g. oily rags) or wastes which are liable to spontaneous combustion should only be disposed in suitable containers.
- Do not use damaged electrical devices.

Work involving a fire hazard may only be carried out after approval by the fire department of the establishment. Phone: +36-30-760-5862.

- Always comply with the requirements of the law and BMW Group Plant Debrecen.
- Report completion of work to the facility fire department.

Behaviour in case of emergency and fire:

- Notify the facility fire department: Phone: +36-30-015-0112. Tell who is calling, what has happened, where the fire is, if there are any hazards, where the nearest access road is.
- In case of immediate danger (risk of explosion, raped spread of fire), leave the building.
- In case of a fire alarm, leave the building and go to the designated assembly point.

Site safety instructions (plant fire department and plant security) must be followed!
